COLLEGIATE SCHOLARS PROGRAM

WHAT IS THE COLLEGIATE SCHOLARS PROGRAM?

The University of Chicago Collegiate Scholars Program (CSP) is a free, three-year enrichment program that prepares talented Chicago Public Schools (CPS) students for admission and success at highly selective colleges.

WHAT DOES CSP OFFER?

College-level courses taught for six weeks each summer, by University of Chicago faculty and advanced graduate students.

Opportunities to connect with like-minded students pursuing similar post-high school goals and network with professionals and University of Chicago faculty members.

Enrichment activities and academic workshops that promote college and career readiness, leadership development, cultural awareness, financial literacy, and civic engagement throughout the academic year.

CSP had unparalleled opportunities that really would be able to help me in my college application process and throughout high school.
